

AC2800 - Ultimate Productivity Pack

Product Images

Description

Designed to improve operator efficiency and production, this Ultimate Productivity Pack is specifically designed with an ironworker function in mind. Focusing on convenience and maximizing output, these Productivity Packs also increase accuracy and precision.

FLEXIBILITY

- Contains Punches and Dies to produce the following size round holes: 3/16", 5/16", 7/16", 1/2", 9/16", 5/8", 11/16", 13/16", 15/16", and 1-1/16"

PRODUCTIVITY

- Punch and Die Storage Tray easily mounts to either side of the output shoot
- Quick Change Punch Assembly quickly allows changes between different size punch and die sets,

saving time and money

- Fabricator's Protractor increases accuracy on the punch and flat bar shear workstations by guiding your workpiece, and is gauged at 15° increments through 180°, featuring a straight edge and reversible design
- Gauging Table Kit includes adjustable fences and handles, and quickly and easily guides your material for perfect repeatable actions

SAFETY

- Punch diameter must meet or exceed the thickness of your material
- Super Bright LED Light with M12 connections has a powerful magnetic base, allowing users to attach the light to any ironworker surface, and move as needed

PERFORMANCE

- Made of durable steel for long life
- Long lasting averages between 3,000 and 5,000 impacts
- Quick Change Punch Assembly accepts both standard and oversized punch and die sets
- 3/8" thick, 12" x 16" Gauging Table adds precision to your punch workstation

Additional Information

Stock Number	ED9-AC2800
